EDUCATION

B. S. in Computer Science (Major GPA: 1.54/4.0) – Suleyman Demirel University | December 2024

EXPERIENCE

Intern | Automation Department at Qazcloud LLP | May 2024 – August 2024

He collaborated with the Automation Department in the development of a web portal, individual servers, telegram bot and process automation, where various government agencies reduced the number of full-time employees while maintaining production efficiency

Duties:

- *Fixed bugs in the telegram bot*
- *I was testing new software*
- *I've been writing automation scripts*
- *I was engaged in the deployment of services and once helped to build a server*
- *Improvements to the web application*
